children and youngsters.

NUESTRO HOGAR

nido (nursery)

holistic pedagogy by professionals:

- social and emotional development
- motor activity
- teachers as language role models
- cognitive development
- mental stability
- work with parents

inicial (kindergarten)

offered in addition to the *nido*:
pre-school programme

admittance in *Nuestro Hogar*

Families looking for assistance by the daycare center, can contact the employees.

During a home visit the social worker gets to know the familymembers, their problems and resources.

“To help people help themselves” is the central ideal of the institution: While the children are being cared for in *Nuestro Hogar*, their parents can pursue a professional activity. This concerns mostly single mothers, who thus get the chance to earn a living.

Accommodation is for free. In return two to three times per month the mothers support the employees with the preparation of meals or gardening.

the team of *Nuestro Hogar*:

institution management, teachers, psychologist, social worker, supervisor, employees, trainees.
